Koodjul Miyal Virtual Stereo Exhibition

2026 Catalogue of Entries

Karrinyup, Western Australia (Careniup - "the place where bush kangaroos graze")

"We acknowledge the traditional owners of the land on which this virtual exhibition is based, the Whadjuk people of the Noongar nation and pay our respects to elders past and present. It is a privilege to be hosting this exhibition from Karrinyup. Noongar people have lived in the south-west of Western Australia for more than 45,000 years. Sovereignty has never been ceded. It always was and always will be, Aboriginal land."

The Koodjul Miyal (Two Eyes) Virtual Stereo Exhibition is an International Competition for Real Digital Stereoscopic Photographers held during Makuru (June - July) of each year hosted by the Western Australian 3D Club from Karrinyup, Western Australia (Careniup - "the place where bush kangaroos graze").

There are three sections in the exhibition:

1. "Altered Reality/Creative"
2. "Scapes"
3. "Open"

Acknowledgment

Images that are rejected during the judging process (unaccepted images) are not normally displayed by an exhibition either online or in a catalogue.

With this being the Foundational Exhibition, the Western Australian 3D Club has decided to publish this special catalogue to commemorate all photographers and the complete collection of their submitted images regardless of whether they were eventually accepted.

The Western Australian 3D Club is appreciative of the support shown by the international community of Real Digital Stereoscopic Photographers for this foundational exhibition.
